Melanoma Awareness Month

Dedicated to saving lives from Melanoma

5th - 31st MAY 2008

The month of May has been designated Melanoma Awareness month in order to raise awareness of the importance of early detection and prevention of skin cancer in an effort to save lives.

In association with

Members of the public are encouraged to visit their GP's and Consultant Dermatologists during the month of May and indeed year round to get suspicious lesions examined. Early detection will save lives.
