

**Subject:** Electronic Health Record systems (EHRs) and Quality Labelling/  
Certification in Europe

April 24, 2006

Dear Madam, Dear Sir,

The EuroRec Institute and the QREC Consortium would like to invite you to share your experiences and express your opinion regarding the above topic (EHRs Certification).

You are kindly invited to participate to a Pan-European Requirements Assay that can be found at: <http://www.eurorec.org>

The questionnaire has been deliberately kept as brief as possible so that it can be completed in less than 10 minutes (the presentation of the questions is driven by the answers given so that only relevant questions are presented).

The EuroRec Institute will reward five participants by paying the registration fees for the World of Health IT Conference and Exhibition (10-12 October, 2006 in Geneva) and the associated Annual EuroRec Conference.

If you should experience problems during the completion of the assay, don't hesitate to contact us at [info@eurorec.org](mailto:info@eurorec.org)

We thank you in anticipation for participating!

Yours sincerely,

Prof Dr Georges De Moor  
Eurorec President
