

Thursday

Scientific Session 1 Chairman: C Mooy

- 09.00 D J. Wilson, *Guest of Honour*
Bilateral Diffuse Uveal Melanocytic Proliferation
- 09.15 E. Balestrazzi
Conjunctival squamous cell carcinoma
- 09.30 R Verdijk (Guest)
Phakomatous choristoma, a rare tumour of the eyelid
- 09.45 K U Loeffler
Subconjunctival tumour after lid surgery
- 10.00 J Toth
Merkel cell carcinoma of the upper eyelid
- 10.15 I Pecorella
Invasive carcinoma of the cornea in a healthy patient
- 10.30 S Coupland
Vitro-retinal lesions in CNS lymphoma
- 10.45 Coffee Break

Scientific Session 2 Chairman: J Sach

- 11.00 L Holbach
Conjunctival mass with orbital invasion in a 45 year old male
- 11.15 D M Rasic
Richly myxoid (sub)conjunctival neoplasm extending to (or arising from?) anterior orbit
– A case for diagnosis
- 11.30 R Proenca
Orbital metastasis from an occult breast cancer (T0N1M1)
- 11.45 M J Jeffrey (Guest)
Metastatic breast carcinoma with histiocytoid differentiation
- 12.00 L Ventura
Cyto-histologic correlations in an incidentally discovered lacrimal gland tumour
- 12.15 P Meyer
Cholesterol granuloma of the right orbit
- 12.30 M A Blasi
Iris-Ciliary body benign pigmented tumour
- 12.45 Lunch**

End of Thursday scientific sessions

Friday

Scientific Session 3 Chairman: P Meyer

- 10.00 B Rymgayllo-Jankowska
 Limbal pseudocyst of unknown origin
- 10.15 C Auw-Haedrich
 Corneal tumour in a 57 year-old patient with bullous keratopathy following intraocular lens implantation
- 10.30 B Kantelip
 Pachyonychia congenita with corneal dyskeratosis
- 10.45 E M Messmer
 Metallic Intracorneal Ring
- 11.00 Coffee
- 11.15 T Kivela
 Epithelial ingrowth by transplantation
- 11.30 A P Moulin (guest)
 Malignant medulloepithelioma treated by brachytherapy
- 11.45 G Heathcote
 Bilateral orbital swelling in a 69-year-old man with a history of scalp nodules
- 12.00 S Seregard
 Eyelid mass in a 45 year old woman
- 12.15 R Ginderdeuren
 Granulomatous inflammation on injected esthetical material
- 12.30 Lunch

Joint meeting with Royal Academy of Medicine Ophthalmology Branch

Scientific Session 4 Chairman: M Hickey-Dwyer & J Prause

- 13.30 P Luthert
 Retinal developmental abnormality
- 13.45 IJ Dooley, P Walsh and L O'Toole.
 Symptom of eye popping: a unique case presentation
- 14.00 J O'Connor & M Hickey-Dwyer
 Proliferative diabetic retinopathy as a result of tight glycemic control in pregnancy:
 Discussion of physio-pathological mechanisms
- 14.15 M R Kanavi (Guest)
 Fair-quality donor corneas: are they always safe for anterior lamellar techniques?
- 14.30 C M Mooy
 Zipper cell endotheliopathy: a new subset of corneal oedema

EOPS 49th Annual Meeting
Dublin, Ireland June 9th – 12th 2010

- 14.45 S Heegaard
Subconjunctival dirofilariasis caused by *Dirofilaria repens*
- 15.00 Coffee
- 15.15 M O'Rourke & M Hickey Dwyer
A rare complication of cataract surgery
- 15.30 M McGuire & M Hickey Dwyer
Benign intracranial hypertension secondary to inhaled corticosteroids
- 15.45 D Liu and K Coleman
Provision of spherical ready-made glasses by unskilled work force
- 16.00 Eustace Medal Address, Prof Philip Cleary, University Hospital Cork

End of Friday scientific sessions
