

**4.45pm**     **Combined hamartoma of the retina and retinal pigment epithelium with multiple basal cell carcinomas.**  
**F Ibrahim, G O'Connor, W O'Connor**  
Cork University Hospital & Bon Secours Hospital, Cork

**4.50pm**     **Extending screening intervals in a photographic screening program for diabetic retinopathy- a rational approach in the setting of improved diabetic care?**  
Smith, JJ HSE Dublin North East Diabetes Watch Program/ Foresight Retinal Screening Limited

**4.55pm**     **Phacoemulsification in patients with Deep Brain Stimulators**  
**Martin A.I., Mullaney P**  
Sligo General Hospital

**5.00-5.15pm**     **Discussion**

**The Ophthalmology Section of the Royal Academy in Ireland  
wishes to thank the meeting sponsors**

The annual **Montgomery Lecture** will also take place on the evening of Friday December 2nd in the RCSI. The lecture will be given by Dr Lloyd Paul Aiello, Professor of Ophthalmology at Harvard Medical School. Dr. Lloyd Paul Aiello is Director of the William P. Beetham Eye Institute and Investigator and Section Head of the Section of Eye Research at the Joslin Diabetes Center.

Dr. Lloyd Paul Aiello, an ophthalmologist with retinal subspecialty training, Dr. Aiello focuses 80% of his time on scientific research, particularly aimed at determining the biochemistry and molecular mechanisms underlying retinal vascular disorders such as diabetic eye disease and vascular retinal tumours.

Dr. Aiello is also internationally recognized for his leadership roles in diabetic retinopathy clinical trial development and implementation, and he maintains 20% of his time in clinical ophthalmic care of diabetic eye disease and other retinal vascular disorders.

**PLEASE NOTE:**

**The Royal Academy of Medicine in Ireland Ophthalmic Section meeting will be in the Eye and Ear Hospital in the afternoon starting at 1pm and the Montgomery Lecture takes place in the evening in the Royal College of Surgeons at 6pm.**

***Royal Academy of Medicine in Ireland***

**Section of Ophthalmology meeting**

**Venue: Royal Victoria Eye and Ear Hospital,  
The Learning Centre,  
Adelaide Road, Dublin 2**

**Friday 2<sup>nd</sup> December 2011**

***Meeting approved for 4 CME credits***

**Programme**

- 12.00pm** Tea / Coffee/ Sandwiches
- 1.00pm** Welcome and Introduction
- 1.15pm** **Case report of basal neoplastic meningitis presenting with ocular signs**  
**Thacoor D, Gardiner C**  
 Dept. Of Ophthalmology, Mater Misericordiae Hospital, Dublin
- 1.20pm** **Are Goldman Visual Fields missing significant field defects?**  
 D Townley, P Logan  
 Beaumont Hospital
- 1.25pm** **Ophthalmic referrals from a neurosurgical ICU: a 1 year audit.**  
**Duignan E., Fulcher T.**  
 Department of Ophthalmology, Beaumont Hospital, Dublin 9
- 1.30pm** **An unusual case of homonymous hemianopia**  
**Dr C Croghan,** S Zaroog, Dr C Kirwan, Mr Murray  
 Cork University Hospital
- 1.35pm** **Sudden loss of vision in a systemic lymphoma patient**  
 Fabyan M Fauzi, Sonia Charalampidou, Noel Horgan  
 St Vincent's University Hospital, Dublin
- 1.40pm – 1.50pm Discussion**
- 1.50pm** **Incidental finding of a choroidal haemangioma in a patient with periocular naevus flammeus**  
**D. N. Coakley,** I. Dooley, S. Fenton.  
 Department of Ophthalmology, Cork University Hospital
- 1.55pm** **Effective Treatment of Choroidal Neovascularisation secondary to Membranoproliferative Glomerulonephritis Type II with Ranibizumab**  
**Donal McCullagh**<sup>1</sup>, Vittorio Silvestri<sup>1</sup>, Evelyn Moore<sup>1</sup>, Alexander P Maxwell<sup>2</sup>, Giuliana Silvestri<sup>1</sup>  
 Centre for Vision and Vascular Science,
- 2.00pm** **Retinal vasculitis associated with Dyskeratosis Congenita**  
**McGuire M,** Ooi M, Smith O, Brosnahan D  
 Royal Victoria Eye and Ear Hospital, Our Lady's Hospital for Sick Children
- 2.05pm** **Management of Choroidal Neovascularization in Pregnancy**  
**N. Collins,** P. O'Reilly, D.J. Kilmartin  
 Royal Victoria Eye & Ear Hospital, Dublin, Ireland;  
 Mid-Western Regional Hosp.Limerick

- 2.10pm** **Environmental and genetic risk factors in the Irish AMD population**  
**S. Ní Dhubhghaill,** M. Campbell, L.Cassidy, M.Cahill, M. Humphries, P.Humphries  
 Royal Victoria Eye and Ear Hospital, Trinity College Dept. Genetics
- 2.15pm – 2.25pm Discussion**
- 2.30pm – 3.20pm 'The changing clinical treatment paradigm for diabetic macular edema'**  
**Dr. Ailello Talk and Discussion**
- 3.20pm – 3.30pm 'Update on Professional Competence Scheme**  
**- Dr Maureen Hillery & Siobhan Kelly**
- Coffee break**
- 4.00pm** **A case of sudden onset diplopia**  
 Y Imam, C Cleary Mid-Western Regional Hospital, Limerick
- 4.05pm** **Ocular tuberculosis**  
**Patrycja Smolarek-Kasprzak**  
 Waterford Regional Hospital
- 4.10m** **Ocular Chemical Burns in a Paediatric Population, a Retrospective Study**  
**Sheena Fleming,** Ian Dooley  
 Cork University Hospital
- 4.15pm** **Tarantula Keratitis: a case report**  
**L McAnena,** J O'Connor, Prof C Murphy  
 Royal Victoria Eye and Ear Hospital
- 4.20pm** **Descemet Stripping Endothelial Keratoplasty using the TAN Endoglide graft insertion device: Our Experience**  
**Naughton A,** Ryan A, Fulcher T  
 Department of Ophthalmology, Mater Misericordiae University Hospital
- 4.25pm – 4.35pm Discussion**
- 4.35pm** **Case presentation of non-arteritic anterior and posterior ischaemic optic neuropathy (AION, PION), and chronic ocular ischaemic syndrome in a patient on haemodialysis**  
 M Feyzrakhmanova, M O'Rourke, L Cassidy  
 Trinity College Dublin, Royal Victoria Eye and Ear Hospital
- 4.40pm** **Chalazion in a Previous Radiation Field**  
**Andrea Ryan,** Mr. Tim Fulcher  
 Mater Misericordiae University Hospital, Dublin
